Subject: RE: Riverside public meeting flyer for FB?

Good question. Donette is posting about the public comment period and public meeting today once the press release goes out. Her approved (by Sabina, Pete and OPA) post is below. Based on my experience on the Social Media Team, changing the graphic might require reapproval. Are you ok with me posting the flyer the day of at 12pm? I'll send you the post for approval before they go to Sabina next week.

Actually, since it's promoting the public meeting and the public comment period, does it make sense to post the flyer earlier than the day of? Just asking.

Thank you, Shereen!! I'll post the flyer in English on our Twitter and Facebook pages the day of the public meeting and ask Lina Younes, who manages our Spanish Twitter pages (@EPAespanol), to post the Spanish flyer that day as well.

Please continue to share these flyers with the Social Media Team.

Hey social media team –

I know approvals need to happen, but if possible, and if you deem appropriate, attached is a flyer (in English and Spanish) promoting the Riverside public meeting. Can we post to Facebook? City of Newark requested this so they could share it on their page. If we can't, I understand.

Thanks,
Shereen
